Propét

Comfort. Pure & Simple.

We believe that while trends come and go, comfort is never out of style. In fact, when customers put on a pair of our shoes, they can't help but notice how wonderful Propét shoes feel—with good reason. Our shoes are made with the finest quality materials to create great fitting uppers and extra cushioning insoles to further soften the stride. We're always looking for new materials and innovations to improve the fit of our shoes and ensure that every step is a comfortable one.

Stability You Can Count On.

From our first walking shoe developed over 25 years ago, to the full line of footwear we offer today, stability has been the backbone of our business. Proper support and stability can make all the difference in how your customers' feet feel. It's the stability you can count on. From the brand you've come to trust.

Sizes & Widths For The Hard To Fit Foot.

Because Propét shoes come in a broad range of widths and sizes—they're the perfect solution for the hard to fit foot. With five widths and dozens of sizes for men and women, you can always count on Propét for all your customers' footwear needs.

Styles With Style.

Busy lifestyles demand great shoes that can stand up to countless daily activities. That's why we've developed an extensive range of Propét shoes. From boots, to athletic, to casual and even a line of therapeutic shoes that are A5500 coded Medicare approved, our attractive design details mean your customers don't have to sacrifice style for comfort.

Outsoles. A Strong Foundation.

A well-designed outsole turns a normal shoe into footwear for a specific application. Propét continues to look for new outsole materials and innovative outsole designs that will improve comfort and provide a stable foundation for all of our footwear. Our patent-pending Balance Bar® rocker bottom and the lightweight, flexible TravelWalker® outsoles are great examples of this commitment to continued improvements in traction, stability, quality and durability.

Confort. Pure et simple.

Nous croyons que pendant que les modes passent, le confort n'est jamais hors de style. En fait, quand les clients mettent une paire de nos chaussures, ils ne peuvent s'empêcher de remarquer comment confortables sont les chaussures Propét – et avec raison. Nos chaussures sont fabriquées des matériaux de la meilleure qualité afin de créer des tiges qui vont à merveille et le matelassage de plus des semelles intérieures afin d'adoucir davantage la foulée. Nous sommes toujours à la recherche de nouveaux matériaux et d'innovations afin d'améliorer l'ajustement de nos chaussures et d'assurer que chaque pas est confortable.

Stabilité sur laquelle vous pouvez compter.

Depuis notre première chaussure de marche développée il y a plus de 25 ans, jusqu'à la collection complète de chaussures offerte aujourd'hui, la stabilité a été le pivot de notre entreprise. Le support et la stabilité appropriés peuvent faire toute la différence sur la façon dont vos clients ressentent leurs pieds. C'est la stabilité sur laquelle vous pouvez compter. D'une marque en qui vous êtes venus à faire confiance.

Pointures et largeurs pour le pied difficile à chausser.

Parce que les chaussures Propét viennent dans un large éventail de largeurs et de pointures – elles sont la solution parfaite pour le pied difficile à chausser. Avec cinq largeurs et des douzaines de pointures pour hommes et femmes, vous pouvez toujours compter sur Propét pour les besoins en chaussures de vos clients.

Styles avec style.

Les modes de vie de grande activité exigent des chaussures qui peuvent résister aux innombrables activités quotidiennes. C'est pourquoi nous avons mis au point un large éventail de chaussures Propét. Des bottines aux chaussures athlétiques aux chaussures de repos et même une collection de chaussures thérapeutiques qui sont approuvées selon le code A5500 de Medicare, nos détails de conception attrayante veulent dire que vos clients n'ont pas à sacrifier le style pour le confort.

Semelles d'usure. Une fondation forte

Une semelle d'usure bien conçue transforme un soulier ordinaire en une chaussure pour une fonction précise. Propét continue à chercher pour de nouveaux matériaux pour semelle d'usure et des conceptions innovatrices de semelles d'usure qui amélioreront le confort et assureront une fondation stable pour toutes nos chaussures. Notre brevet en instance pour le « Balance Bar® » à dessous à bascule et les semelles d'usure légères, flexibles « TravelWalker® » sont d'excellents exemples de cet engagement à des améliorations continues en traction, stabilité, qualité et durabilité.

VAPOREX

For additional warmth in cold weather boots and footwear, we have designed our Vaporex® insole, which retains heat by using a foil backing and insulating materials to keep feet warm in the most inclement weather.

VAPOREX

Pour plus de chaleur dans les bottines et chaussures pour temps froid, nous avons conçu notre semelle intérieure Vaporex® qui retient la chaleur au moyen d'une feuille métallique comme support et des matériaux isolants afin de garder les pieds chauds lors de temps le plus inclement.

DOUBLE INSOLES

With the Propet EV (extra volume) insole system, customized fit and comfort is easy. Remove the bottom insole to provide a little extra volume or remove both to accommodate custom orthotics.

DOUBLES SEMELLES INTÉRIEURES

Avec le système de semelle intérieure EV (extra volume) de Propet, l'ajustement personnalisé et le confort sont faciles. Enlevez la semelle intérieure du bas afin d'obtenir un peu plus de volume ou enlevez les deux pour accommoder des orthèses personnalisées.

FLEXIBLE

These styles feature low-profile outsoles with extra flexibility to allow your feet to move more naturally.

FLEXIBLES

Ces styles mettent en vedette des semelles d'usure à bas profil avec une plus grande flexibilité pour permettre à votre pied de bouger de façon encore plus naturelle.

THINSULATE

Thinsulate insulation is made with fibers that absorb less than 1 percent of their weight in water. It's one of the lightest synthetic insulations on the market, and helps keep feet warm even in damp conditions.

« THINSULATE »

L'isolant « Thinsulate » est fabriqué de fibres qui absorbent moins d'un pour cent de leur poids en eau. Il s'agit de l'un des plus légers isolants synthétiques sur le marché et aide à garder les pieds chauds même dans des conditions humides.
